SF New Mexican
July 22, 2009

U.S. Rep. Ben Ray Luján, D-N.M., has a new feature on his Web site to help track spending of federal economic-stimulus funds in Northern New Mexico's 3rd Congressional District.

The site has a map with icons showing the different types of projects funded so far.

The state is expected to get $3 billion from the American Recovery and Reinvestment Act approved by Congress.

So far, $1.5 billion has been approved and $125 million has been received.
