Washington, D.C. – Congressman Ben Ray Luján of New Mexico's Third District released the following statement today on President Obama's announcement that Osama bin Laden was killed.

"For nearly a decade U.S. forces were relentless in their pursuit to bring Osama bin Laden to justice, and yesterday those efforts resulted in a significant victory for the American people. I applaud President Obama and the brave efforts of our military and intelligence personnel, and I hope this will bring solace to all those who lost loved ones in the heinous attacks of 9/11."
